### Try using pandoc to convert markdown file to pdf file

Run the following shell:

```
pandoc /example/README.md -o /example/example.pdf --pdf-engine=xelatex
```

or

```
docker run -v ./example:/example pandoc/latex:3.2 /example/README.md -o /example/example.pdf --pdf-engine=xelatex
```

### Try using grip to convert markdown file to html

Run the following shell:

```
grip example/README.md --export example/readme.html
```

pandoc image format: <https://pandoc.org/MANUAL.html#images>
